

MANSI KHULE

Aspiring Full Stack Developer |Python

+91 7276920963 | mansikhule23@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Recent **Computer Science graduate** with hands-on experience in **Python** development, **API integration**, and **backend application** development. Built multiple academic and personal projects using Python, Django, Flasks, SQL, PostgreSQL, MongoDB, ReactJS technologies. Passionate about solving business problems through scalable software solutions.

SKILLS

Technical Skills: Python | Django | Fast API | SQL | PostgreSQL | Rest API | Git & GitHub

|AWS(Basics) | Docker (Basics)

Competencies: Problem Solving | Adaptability | Analytical Thinking

PROJECTS

Language Learning Web-application (Python, MongoDB, React.js, Flask)

- Built a full-stack web application to help users learn multiple languages through interactive lessons and quizzes.
- Implemented user authentication, progress tracking, and personalized learning paths for improved user engagement.
- Enhanced features like vocabulary practice, quiz evaluation, and performance analysis.
- Designed responsive UI and integrated backend using RESTful APIs for seamless data flow. Ensured secure data handling and optimized application performance.

Hall Booking Management System (PHP(CodeIgniter), HTML, CSS, JavaScript, PostgreSQL)

- Built a web-based system to manage hall reservations, availability, and booking schedules efficiently.
- Executed user and admin modules with secure authentication and role-based access control.
- Enabled real-time hall booking, cancellation, and availability tracking.
- Merged PostgreSQL database for storing user details, booking records, and schedules.
- Used AJAX for dynamic form submission and validation to enhance user experience.
- Ensured proper session management, data integrity, and optimized system performance

Personal Expense Tracker (Python (Django), PostgreSQL, HTML, CSS, JavaScript)

- Built a web application to manage and track daily income and expenses.
- Applied user authentication and CRUD operations for transactions.
- Incorporated database and expanded dashboards for real-time financial insights.

EDUCATION

Master of Computer Applications (MCA)

Pursuing

Shivaji University, Kolhapur | KITIMER's College

Bachelor of Science - Computer Science

- 2025

Savitribai University, Pune | Sangmner College

2022

CERTIFICATION

Python Development Internship (pursing)
